The ACLU of Oregon Mobile Justice smartphone app was created to empower individuals to hold Oregon law enforcement agencies accountable for their actions. The updated app records both audio and video and also now saves a copy of the video to your device. Learn more at <https://aclu-or.org/MobileJustice>. The free app has four main features:

- **KNOW YOUR RIGHTS** - provides an overview of your rights in Oregon when encountering law enforcement.
- **RECORD** - allows individuals to capture exchanges between police officers and themselves or other community members in video files that are automatically emailed to the ACLU of Oregon.
- **WITNESS** - gives individuals the option to alert nearby Mobile Justice App users when they are stopped by police in order to witness and document the interaction.
- **REPORT** - gives individuals the option to provide a more-detailed account of their interactions with police in an incident report, which will be transmitted directly to the ACLU of Oregon.
